Remember to give a second choice of venue on your application form in case your first choice is not available. Please note that the availability of venues is dependent on the number of candidates. This list is **not** a complete list of approved centres. Other centres have demonstrated that they meet our approval criteria, and may be used if the number of candidates make this necessary.

SQA will adjust the number and location of venues based on the number of candidates. If candidate applications exceed the capacity of venues, SQA will try to ensure that you are allocated to a centre in the same town or city you gave as a choice.

All enquiries about the examinations should be made to SQA and **NOT** the examination centres.
